

HOLY CITY RACE HISTORY

This race was first run in 1964. All races have started at the present site in Holy City. However, the 1964/68 races were point-to-point races, finishing at a resort near Soquel and Summit roads called the Willows. This place had a swimming pool and picnic tables. Frank Cunningham, who originated the race, said that two different courses were run during 1964/68 but both courses started in Holy City and finished at the same place, the Willows. As per Billy Mackey, the first two races, 1964 and 1965, were just a club race for West Valley Track Club (WVTC) members. The course was changed to an out-and-back course in 1969 because Frank felt that the owner of the center where the race finished was asking too much money for letting the race finish at his site.

WVTC directed this race from 1964 through 1971. The West Valley Joggers & Striders (WVJS) have directed the race since that time.

The Holy City race was one of the big races in the Santa Clara Valley through 1980, reaching a high of 348 finishers in 1978. It also attracted many high school runners with nearly 100 high school finishers in some years. The club decided that for 1981 and later races that we would make the race more low-key due to fear of the traffic on Summit Road and because we were losing too much money on the race. We also changed the start of the race from 9AM to 7:30AM in 1980 to help avoid potential heat problems and so that we could run over Summit Road before the traffic got very heavy.

Thanks to Jack Leydig of the WVTC for supplying race results for 1967 through 1969. We have no results for the years prior to 1967 other than knowing that Wendell Smith and Billy Mackey finished 1-2 in 1964 and Jim Sullivan and Billy Mackey finished 1-2 in 1965.

From the "Long Distance Log"

This event, sponsored by one of the Pacific Association's outstanding running clubs (the West Valley Track Club), somewhat belies its name. Holy City received its name some 50 years ago from the religious orders that frequented the area. Now a ghost town, it lies deep in a valley. The race starts in hot sunshine...and the runners race up to the summit of a ridge in the Santa Cruz mountains, about an 1880 foot climb. Frequently, the top of the summit is clouded with fog and quite cool. This year, however, it was hot all the way. It was a well run event with 209 finishers.

A \$25 gift certificate was awarded by Valley Athletic of Campbell. A drawing was held with the winner being Scott Rogers of Redwood City.

Remember. Next year this race will start at 7:30AM. Although it was relatively cool this year, there is the risk of warm weather with a 9AM start. Last year one runner collapsed due to heat fatigue. Also, Sumit Rd will have less traffic early in the morning.

We had repeat winners this year - Brooks, Perkins, Kaempf, and Stojanovich. Kathy Perkins shattered her own women's record by 96 seconds. That's 3:15 better than Francie Larrieu did back in 1971. John Marden's 49:30 was 35 seconds off Mitch Kingery's record. Maybe he'll get it next year.

The 7:30AM start worked out well as there was very little traffic on busy Summit Road and the temperature was very cool (60 degrees?). We were surprised with the turnout of 314 for the early start.

New record by Ron Fritzke (47:12), breaking Angel Martinez' 1976 time by 2.1 seconds and winning by a whopping 2 minutes and 18 seconds. John Marden finished 2nd with his second straight 49:30. New 12+ record set by Eric Ruona (61:20).

We had 3 runners 60 years or older in the race, including 73-year old Jack Kirk, who has run in our race every year.

Mike Warr won the high school division in 1978. But, this year he forgot about the hill on Melody Lane. Thus, he was surprised by the climb on Melody and decided to hold off making a surge until he reached Summit Road (2 miles). Then, he pulled away from a pack of 10 and went on to a 130-yard victory over Joe Salazar.

Carol Gleason, although bothered by blisters, was the first woman across the line, winning by almost 4 minutes over Mary Mason.

Louie Stojanovich ended his Holy City career as a 12-and-under with a new division record of 59:27, which broke the former record by nearly 2 minutes.

The 182 entries that we had this year was the smallest turnout that we've ever had. Perhaps, the hot spell that we've had kept some runners away. It was probably in the high 70s at the start of the race - 7:30AM.

Master runner Dave Rivera won his second race outright in the last three weeks. Although the race started at 7:30AM, it was very warm. Still, Dave recorded the fastest master time on this course since 1978. Sue Gyorey coasted to her third women's victory during the history of this race (her last win was in 1976). Jack Kirk successfully completed his 23rd running of this race.

* Started 3:00 late. His actual time was 56:15.

The weather was ideal for fast running this year, very cool. Jeff Kirk and Hugh Stahl took advantage of the conditions as they ran together until the last half mile, where Jeff began to pull away. He finally won by about 10 yards. Becki Van Zant led the two-woman field, scoring her second win in the women's division in 6 years. Jack Kirk competed in this race for the 24th straight year.

** Started 45:00 late.

After many years of trying, Bill Meinhardt finally won this race. He was in 10th place after a mile and then moved through the field during the tough Melody Lane section to take the lead. Thereafter, he pulled away to score an easy win. Becki Van Zant won the women's division as she became the first female to break 60:00 since 1979. Jim Cochrane won the 50+ division for the second time. Jack Kirk completed this race for the 25th consecutive year.

Robbie Meinhardt became the second Meinhardt to win this race (his dad won last year). Despite the warm weather, Robbie recorded the fastest time on this course since Ron Fritzke set the course record at 47:12 in 1980. Sue Francis won the women's division for the second time (her previous win was in 1985). Jack Kirk completed this race for the 26th year in a row.

It was nice to see that there were no lingering signs of last October's Loma Prieta earthquake for the 27th running of this race. The weather was sunny and pleasant. Tim Souza was our winner and Becki Kriege won the women's division for the fourth time and third time in the last four years. David Furst finished second and first in the master's division. Jack Kirk continued his incredible streak with his 27th consecutive Holy City race. He also predicted a 2 1/2 hour finishing time, missing his prediction by 15 seconds.

This was the 28th annual Holy City race and Jack Kirk successfully ran it for the 28th time.

We had excellent conditions for this race through the Santa Cruz mountains.

The temperature was in the mid 50s and it was overcast throughout the race.

Bob Ebert cruised to an easy win, leading Dave Fergus by almost 2 1/2 minutes. Jim How placed 3rd overall while winning the 40+ division. Bill Meinhardt had little trouble winning the 50+ division while running the 3rd fastest ever for a 50+ runner. Sue Francis won the women's division for the 3rd time, besting her 1989 winning time by over a minute.

Bob Ebert and Dave Fergus repeated their 1-2 finish from last year, each improving their time by about 90 seconds.

Becki Kriege won the women's division for the 5th time, her time putting her #6 on the all-time women's list. Sue Francis, who has won this race 3 times, finished 2nd while improving her PR by 5 minutes. Lydia Escobar finished 3rd while improving her PR by 9 minutes.

Bill Meinhardt broke the 50+ record of Paul Reese, which was set 21 years ago, by 4 seconds. Carlos Saldivar finished 2nd in this division while moving to #8 on the all-time list.

Although the sun was out throughout the race, the temperature was fairly comfortable throughout the race, probably not exceeding the low 60s.
